Moved by Dart second by Bultman to approve the agenda. MC

Moved by Melotte second by Teske to approve minutes of the April meeting. MC

Special broadcast for April was the Sustainability Conference at the Farm Market Kitchen.

Moved by Bultman second by Teske to table the review of the Cable policies and special broadcast list until the June meeting to give Schmidt time to look over existing policies. MC

Teske reported that Dominion Energy will be paying for the taping of the County Board meetings.

Schmidt contacted Neighborhood Watch about taping the meetings but was told that they are interested in people attending the meetings, not necessarily watching them on TV. The Fire Dept is interested in having some taping done. They are planning a training burn which would be a good chance to show the public the Fire Dept in action.

Reinhart is conducting an interview taping. Audrey Krautkramer will do the interview. Moved by Melotte second by Bultman to pay Reinhart and Krautkramer \$25 each for doing any interviews.

Reinhart will contact Dave Derozier about learning the cable production system in order to have a backup.

The time and frequency of meetings will be discussed in June.

The next meeting is June 18th at 6:00 PM.

Moved by Teske second by Melotte to adjourn. Meeting adjourned at 6:21 PM.
